

To all local parents and schools in Leicestershire

Most pharmacies can help you with **seven common conditions** without needing a GP appointment

NHS
Providing NHS services

Speak to your pharmacist if you suspect you have

Earache

(Children aged 1 to 17 years)

Visit your Pharmacy First!

Did you know that pharmacies can now offer clinical appointments with medication available if required for four clinical conditions particularly relevant to school age children?

- Ear ache (children aged 1-17)
- Sore throat (over 5s)
- Infected insect bites (over 1s)
- Impetigo (over 1s)

GP practices are busy and it can be difficult to get a same-day GP appointment. When your child is off sick from school with any of the above conditions, by going straight to your local pharmacy you can have a consultation with a trained clinical professional and receive advice and even medication if it is needed, meaning they could be on the road to recovery and back at school as soon as possible.
